VA also reported it received requests for appraisal of 82,497 proposed and existing homes, a decrease of 6,996 below the September total of 89,493. It represented, however an increase of 137 per cent above the 34,833 appraisal requests received during October, 1953..

Of the 82,497 homes for which VA received appraisal requests last month, 45,572 were for proposed homes, a decrease of 5,693 under September and 36,925 were for existing homes, a decrease of 1,303 under the previous month.

Billy Graham Movie To Be Shown Friday

Exclusive full-color scenes of the Texas City disaster of 1947 highlight the climax scenes of "Oiltown, U. S. A.," film releases of Billy Graham Evangelistic Films to be shown here on November 26 at the high school auditorium.

The Texas City footage was filmed by a free-lance newsreed photographer in Houston, Texas at the time of the disaster seven years ago. No use was made of the film until Director Dick Ross began to search for authentic scenes to highlight the story of "Oiltown, U. S. A." He located the film, unused and in storage, and made arrangements to incorporate it into the moving story of the Billy Graham picture.

The story centers around the life of a Houston oil millionaire who is brought to an abrupt realization of his need of a religious experience through danger to his daughter's life in the Texas City holocaust.

Featured in the film are Colleen Townsend Evans, Paul Power, Robert Clarke, Georgia Lee, Ralph Hoopes and the stars of Graham's earlier film, "Mr. Texas," Redd Harper and Cindy Walker.

Evangelist Graham and his team are portrayed in their evangelistic crusade in Houston.

Rev. F. J. Wingfield, in charge of local arrangements for the showing here, has announced that the doors to the high scool auditorium will be opened at 7:00 P. M., with the film beginning at 7:30. No admission is to be charged, and all seats will be on a "first come" basis.

AHS Newscast

By Jane Holt
November 25, 1954

Dear June,

Well, I guess you heard about our misfortune last Saturday night. Yes we lost. But what a night to play football! However, we certainly were pleased with the success our football team had this year. Playing their last game Saturday night for AHS were Teddy Mitchell, John Paul Rothgeb, Claude Allen Moore, Ralph Harris and Ronnie Lewis. Cheering our last game were Eloise Couch and I. It'll be a night we shall never for. get—Rain! Thus ends the footbal season of 1954.

I told you last week about the group planning to attend the District Conference of the Hi-Y. We went Saturday morning and had a wonderful time. It was most inspiring. We were pleased with the election of two of our Tri-Hi-Y members to high offices. Edna Gregory was elect. ed to the office of Co-President of the Senate for the Model General Assembly. Betty Mitchell received the honor of vice-president of our district.

Our club was very pleased with the outcome of the election. The Tri-Hi-Y met Tuesday, and we have decided to fix a Thanksgiving basket. This is something we all enjoy doing. You all carried on the same activities as we do, didn't you? Dur. ing the meeting, our president, Peggy Henry, appointed a social committee consisting of Edna Gregory Jane Moore, and Marilyn Guill. Something we thought that would be an interesting project for the year is baby-sitting. We hope to have the Tri-Hi-Y girls baby-sit with the children of the PTA patrons. By doing this we feel that maybe we can help more parents to attend the regular meetings of the PTA.

What the human race needs today is not faith in some far-off future or even some unknown God. What we all need above everything else is faith in each other as human beings. We need to be able to trust one another, all countries, all races, all creeds, and this is the primary necessity not only for peace but for very existence upon this globe. —Pearl S. Buck —Atlantic.

I would like to propose a Fifth Freedom—freedom from ignorance. Think of all the crime, misery, and sorrow that are caused by ignorance. People who think, and who are intelligent, feel an obligattion toward their fellows and the world, that ignorant people never experience. —Geo. Matthew Adams.
